

# Masters at Deacon's Walk Inspection

## Homeowner Input Form

The Masters at Deacon's Walk Board of Directors will complete a spring walk on April 18th. The purpose of the spring walk is to examine systems, per the Property Maintenance Plan (PMP). The PMP may be found on the Caliber website: go to 'Documents, Governance, Policies and Rules'.

*Please note: not all work may be accomplished due to budget restrictions. The Board will determine the priority of projects and complete as the budget allows.*

In preparation of the spring walk, Management is creating a "walk list". If there is anything at your home or near your home that you would like the Board to view, please fill out the below chart and return this form to Omega Management. This form needs to be returned no later than April 16th.

### Masters at Deacon's Walk 2019 Homeowner Input
